

CFI Workshop #7, Module #7

Ever wonder how the NTSB conducts accident investigations? Guest speaker and NTSB Accident Investigator Clint Johnson, will describe the process and will also answer questions from the audience. Also included in this workshop will be presentations on effective teaching and FAA/Industry Training Standards (FITS).

Directions: The UAA Aviation Complex is the largest building on Merrill Field and is located at the east end of the airport. CFI Workshops are held in the first floor auditorium or an alternate available classroom. Look for informational signs inside the main entrance.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
